

RECYCLING AT OCEAN DUNES

There are four recycle bins located in each garage, two for each elevator stack.

Recycling bins are emptied by Waste Management every Thursday morning.

Please be aware of recycling rules so that you do not contaminate the bin and prevent the entire load from being recycled. Complete recycling information may be found on the Ocean Dunes website or www.wm.com/recycleright.

Rinse food containers.

NO Styrofoam, plastic “clamshell” containers (think berries at Publix), plastic bags, straws, paper plates, coffee or soda cups.

You can recycle plastic bags at Publix.

Flatten cardboard and paperboard. Do not put items that don't fit into bins alongside them, Waste Management will not pick up.
